INTELLIGENT COMPONENT SERIES | **ACTIVAL™ Flow Measurement and Control Valve**

ACTIVAL™ ADVANTAGE

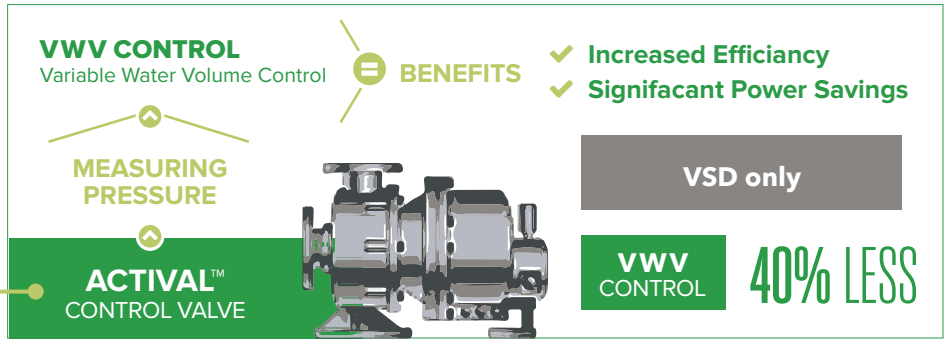
Electronic Pressure Independent Control Valve (EPICV).

An all-in-one valve, fully characterized for equal percentage flow control with integrated DP temperature and DP pressure sensors, uniquely designed for precise zone temperature control and overall efficiency of the EMS.

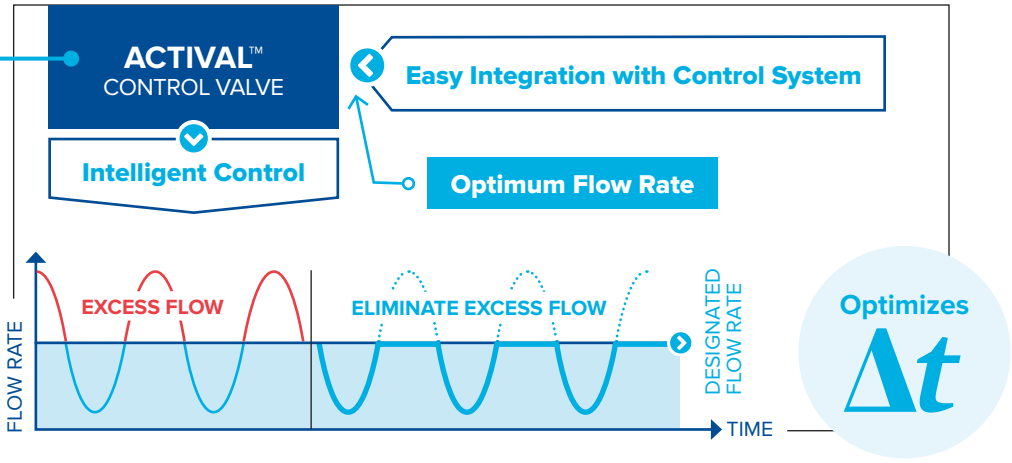
Let us show you how Activat™ can reduce installation and operating costs for your systems today.

Energy Savings for Pump

VSD..... Variable Speed Drive
VWV..... Variable Water Volume



Control by actual flow rate



VALVE, SENSOR, FLOWMETER, **ALL-IN-ONE.**
